Apple CarPlay / Android Auto

The INNOV N1-PRO is a dedicated motorcycle smart screen recorder, integrating dual-channel 1920*1080 30fps video recording, supporting Car Play and Android Auto.

FHD 1080P Dual-camera System

The INNOV N1-PRO Powersports Cam features dual cameras with a wide 120° field of view, capturing important details in crisp 1080P FHD video and providing complete coverage around you. The SONY Starvis Image Sensors for both cameras ensure the highest quality recording.

TPMS – Tyre Pressure Monitor System

The INNOV N1-PRO has the ability to add the optional TPMS for real time monitoring of both the front and rear tyres.
